### ***Bush Heritage P1 Connect – a Portable Radio that packs a punch***

*Take it anywhere – it's portable and produces a sound that will astound.*

Bush Australia's newest audio addition – the **Heritage P1 Connect** portable radio is designed to accompany the **Heritage II Connect** - the star of Bush's line-up of connected digital radios - that also enables multi-room audio throughout the house. But the **P1** can also stand alone, and does so with great gusto.

Bush is an Australian company producing audio equipment with a sound that rivals the big names. The arrival of their new portable Radio, the **P1**, is an exciting addition to the Bush repertoire as there is nothing else quite like it available on the market offering on-the-go unlimited listening.

Amongst a plethora of useful functions and features, the **P1** offers built-in WiFi, internet radio and audio streaming. Search all genres of music and tune in to one of the world's 16,000 available internet radio stations, stream music via Spotify or simply play your favourite tracks from your smart device.

AUX in and Headphone out, the **P1** has a rechargeable lithium-ion battery that can last for an amazing 8-10 hours of portable enjoyment. Naturally, it can also be operated on mains power.

“The new **Heritage P1 Connect** is the first Bush connected product to offer the absolute versatility of being portable, yet produces a sound quality that really validates the radio as a standalone unit. We have designed it however, to work in unison with the **Heritage II Connect** allowing multi room audio which is a real bonus. The **P1** is Spotify Connect enabled for access to more than 30 million tracks, and it can be all operated via UNDOK App through either iOS or Android devices,” said Rodgers.

However if you’d prefer not to download the available App – the unit has a large easy to read LCD display making it very easy to operate via the dials.

The **P1** portable radio will be available from October 2015 and will retail for **\$449.00**. It is available in Real Walnut Veneer or a Heritage Cream gloss finish.
