

BUSH AUSTRALIA PTY LTD

More than a digital radio, more than a Wi-Fi speaker – the Bush Heritage II Connect has it all!

Over 16,000 stations. More than 30 million music tracks. Bluetooth wireless audio streaming. The incredible Heritage II Connect from Bush brings together the best of digital radio and Wi-Fi and adds unique extra features to create the ultimate in listening pleasure.

“The combination of classic good looks and cutting-edge technology makes this a radio for everyone, whatever their age and interests,” says Bush Sales Director Brian Rodgers. “The extraordinary sound quality and astounding range of channels and tracks make it easier than ever to tune into anything you want to hear.”

An impressive list of features

As Australia’s leading digital radio brand, Bush is at the forefront of innovation and style – this impressive list of features speaks for itself.

- Spotify Connect enabled. Spotify is an award-winning digital music service that gives you on-demand access to over 20 million tracks. Spotify’s dream is to make all the world’s music available instantly to everyone, wherever and whenever you want it. Spotify makes it easier than ever to discover, manage and share music with your friends, while making sure that artists get a fair deal. Spotify is now available on 57 markets globally with more than 40 million active users, and over 10 million paying subscribers. Spotify is now the biggest and most successful music streaming service of its kind and subscribers to Spotify Premium can access over 30 million tracks and control the Bush Heritage II Connect with a phone or tablet. As Spotify is built-in to the radio, they can still take calls or use other apps – the music never stops!
- DAB+ Crystal-clear digital radio with live text from the broadcasting station on screen
- Access to over 16,000 internet radio stations and audio streaming from a PC or Mac over a home Wi-Fi network.

- Easy connection and streaming with a Bluetooth/NFC compatible device
- Multi room, Bush Heritage II radios in different rooms can be connected on the same network powered by UNDOK™ to fill a home with sound.

“The Bush Heritage II has the power to transform the way we all listen to the radio,” says Rodgers. “And, as Bush is committed to providing the highest quality at an affordable price, the Heritage II represents exceptional value.”
